## **FOR IMMEDIATE RELEASE**

### **GLBT Radio Network finalizes sale of “MyLesbianRadio.com”**

Atlanta, GA – As announced on September 23, 2009 GLBT Radio Network has closed the sale and transfer of [MyLesbianRadio.com](http://MyLesbianRadio.com). Denise Warner, Donna Woessner and undisclosed private equity partner(s) officially began operation of the business in Fort Lauderdale, Florida on October 1, 2009, under the name “Really Wow Productions”. Denise and Donna are the popular talk show and podcast hosts of *The Lesbian Lounge*.

“Everyone at GLBT Radio Network has been great to work with over the last three years”, said Warner. “They provided us a platform to broadcast and grow our audience. When the opportunity presented itself to own the content and the My Lesbian Radio brand we jumped at the chance.”

Christopher Leonard, President and CEO of GLBT Radio Network said, “MLR and its audience are best served by being solely lesbian owned and operated. I’m very excited for the future of the station. Denise and Donna are extremely talented and entertaining and the timing is perfect as they celebrate over one million downloads of their podcast.”

Although GLBT Radio Network is divesting its lesbian targeted programming, the company continues to provide full service Internet radio programming through its other popular websites [GayInternetRadioLive.com](http://GayInternetRadioLive.com) and [DanceBlaster.com](http://DanceBlaster.com). Both websites target a predominantly male audience and stream dance music programming.

#### **About GLBT Radio Network**

GLBT Radio Network is the country's leading provider of gay and lesbian audio content and programming via the Internet. Through its subsidiaries, G.I.R.L. - [GayInternetRadioLive.com](http://GayInternetRadioLive.com) and [DanceBlaster.com](http://DanceBlaster.com), GLBT Radio Network provides music, talk, entertainment programs, features, and live event content to over 300 websites nationwide and millions of listener's Worldwide. The network reaches a Worldwide listening audience in excess of 72 thousand hours each month in time spent listening. Audio content from the network is available in multiple formats including many newer mobile devices. Further extending the ability to reach the GLBT consumer and market place is the recently approved iPhone application from [GayInternetRadioLive.com](http://GayInternetRadioLive.com) which has realized over 65 thousand downloads since March 2009.
